Subject: US 2 Brockton - East
(letter of support)

Dear Jim,

The Roosevelt County Commissioners wish to voice their continued support for the Brockton East Project. The project begins at RP 626.15 and extends easterly to 639.64. Some of the problems we have with the existing highway is it is an old road. The road has no shoulders to pull off in case of an emergency and there are several hills with one having a curve which resulted in at least three (3) deaths in the past years. We also have several school busses traveling this road. In the winter there are times when you can't see the road because of the high banks with snow blowing off them.

We support any effort to change the safety of travel by construction.

Please contact Jim Shanks at 406-653-6249 regarding any questions or additional information you may need from Roosevelt County.

Sincerely,

James Shanks, Chairman

Gary Macdonald, Member

Vickie Delger, Member
